COURSE TITLE: Elementary Spanish 1 Online

COURSE DESCRIPTION

This course emphasizes every-day use of the Spanish language, integrating basic grammar, vocabulary, composition and culture through a conversational approach to Spanish. The course is not for native or near-native speakers. This course is designed for students who have not had two years of high school Spanish recently (within the last three years) or for students who have department approval; for students who want to achieve a basic level of proficiency in the target language (in writing, speaking, reading, and listening) as well as to develop a greater awareness of Spanish-speaking cultures, and to prepare students to continue to Elementary Spanish 2.

CREDIT HOURS: 4 credit hours upon passing the course

MAJOR LEARNING OUTCOMES

- **Speak** the language well enough to initiate and sustain conversation on specific factual topics of personal interest and cultural information in the present and past tense.
- **Listen to** and **comprehend** the main idea and some supporting pieces of information from conversations that deal with topics of personal interest and cultural information.
- **Read** and **comprehend** the main idea and some details from authentic written text types such as dialogues, advertisements, magazine, and newspaper articles.
- **Write** compositions on familiar topics.
- **Appreciate** other languages and other cultures, by developing a mature attitude towards cultural differences

COURSE COMPETENCIES

The course seeks to strengthen students' skills applicable to Valencia's Student Core Competencies: **Think, Value, Communicate,** and **Act.**

PREREQUISITES

There are no course prerequisites.

NATIVE SPEAKERS AND HERITAGE LEARNERS OF SPANISH

SPN 1120 (Elementary Spanish 1) is a class specifically designed for non-native speakers or non-heritage learners. If you are a **native speaker** or **heritage learner**, this class is not for you.

A **native speaker** is one who was born and raised in a Spanish-speaking country and has studied the language formerly in elementary school and/or high school in a Spanish speaking country.

A **heritage learner** is one who was born in the United States or moved to the United States from a Spanish-speaking country at a very young age, has never formerly studied the language, but speaks/spoke Spanish at home. A heritage learner can communicate orally with a limited vocabulary but has not fully developed writing or reading skills. In addition, proper sentence formation, correct grammatical usage, and good pronunciation are usually lacking in their conversation.

In short, *“a student who is raised in a home where a non-English language is spoken, who speaks or merely understand the heritage language and who is to some degree bilingual in English and the Heritage language”* (Valdes, 2000)

If you are a native speaker. You are strongly encouraged to take another language class such as Portuguese, French, German or Latin. Another option is to take the CLEP (College Level Examination Program) Test which awards college credit for demonstrating achievement in a subject by means of a computer-based exam.

If you are a Heritage learner, Valencia has created courses for you that will count as Foreign Language credit. This course is called Spanish for Heritage Speakers I and II (SPN 1340 and SPN 1341). These classes are designed for students who have some level of fluency but wish to become more fluent, become better readers in Spanish and become better at expressing themselves orally and in written form in Spanish all while improving their vocabulary and grammar. Please refer to the Valencia College course catalogue for course availability.

See:

http://net5.valenciacollege.edu/schedule/?_ga=1.237540352.1817027156.1450276038

To both Native Speakers and Heritage Learners: You are strongly encouraged to drop this course. Nevertheless, all students will be asked to **take a Spanish Heritage Speaker placement exam** at the beginning of the semester to help determine their ability level in the Spanish language.

(Native/Heritage-Speaker of Spanish Placement Exam

link:https://valenciacc.ut1.qualtrics.com/jfe/form/SV_06YcoxtYyKV9XYV)

If the results of this exam indicate that you are indeed a Native speaker or Heritage learner, you will be asked to drop the course. If you do not, you will be dropped administratively. If the results of this exam indicate that you belong in Elementary Spanish but later your work indicates that you are a Native speaker or Heritage learner, you will be dropped from the course. That is to say, it is within your best interest to do your very best on the placement exam so that in the event you are a Native speaker or Heritage learner you will have time to register in a different class or take the CLEP test. If you do not do your very best on the placement exam and weeks into the semester you demonstrate that you are a native speaker or Heritage learner, you will be dropped from the course leaving you no time to register for another class.

For Elementary language courses, students are not allowed to use any elements of the language that we are not specifically learning in the class. Why is this? Because this is a good indication that somebody else is doing their work for them or they are using an online translator. If this happens, they receive a very low grade or a zero. For students that have some level of fluency (Native speakers or Heritage learners), it is inevitable that they use elements of the language that is not in our learning parameters. They as well, receive a low grade or a zero. As a result, in order to get a good grade, Native speakers and Heritage Learners feel forced to use a level of the language that is lower than the level they are at. As a result, no real learning is taking place. For this reason, we offer many other languages or Spanish for Heritage Speakers.

COURSE FORMAT & METHOD OF INSTRUCTION:

This is a course focused on student-centered learning, designed to accommodate a diversity of learners and the ways that they are able to learn languages. The teaching style follows the ACTFL (American Council of the Teaching of Foreign Languages) 5C's (communication, cultures, connections, comparisons and communities).

This is a fully online course that requires the students to use a computer with internet access to work from two instructional platforms:

1. Valencia's Online Learning Platform (Canvas)
<https://online.valenciacollege.edu/>
2. *Portales* Supersite platform (the publisher's platform) www.vhlcentral.com

Valencia's Online Learning Platform (CANVAS)

To access **CANVAS**, Valencia College's Online learning platform), log into <https://online.valenciacollege.edu/>. This is your course homepage. Students will use CANVAS to access:

- course syllabus and calendar of activities
- course announcements
- course discussions, exams and links to the textbook publisher's resources
- course email
- course grades

The course content is arranged in modules. They will be your roadmap through the course. Each module corresponds to a specific chapter/lesson from the course text book **Portales 2.0**. In this course, we will cover Lecciones 1-5.

If you experience Canvas-related technical problems, contact Canvas through the course global navigation menu Help (?) link or through the Course Support Module

PORTALES SUPERSITE PLATFORM

To access your *Portales* Supersite platform, you will first have to acquire the required instructional materials (***Portales Supersite access code***) to be able to create an account, activate your code and register in the course. This should be done during the first week of class in order to be able to keep up with the course readings and assigned work due dates.

If you have any questions or technical problems related to ***Portales Supersite*** activities, or for **technical support call (800) 248-2813**, click www.support.vhlcentral.com, or submit help request.

Students will use *Portales* Supersite platform to:

- access media and study tools,
- receive announcements of upcoming lesson's activities and due dates,
- complete and submit graded activities for each lesson, and later view your results, and your instructor's feedback
- request instructor help

REQUIRED TEXT Portales 2.0 AND INSTRUCTIONAL MATERIALS:

It is imperative that students acquire the required instructional materials during the first week of class to avoid missing submission (due) dates since late submissions are not accepted. All students, including those receiving Financial Aid are responsible for

meeting submission dates regardless of whether or not they have yet received funds to purchase the required materials for this course.

However, **In the event that you cannot purchase your *Portales* textbook and Supersite access code right away, you can still go to www.vhlcentral.com (Links to an external site.)** This is the textbook website where you will be doing the activities, create your username and password, and enroll in the course. Once you have registered/enrolled in the course, I will see your name and **can give you a temporary two-week access**, so that you do not fall behind. This temporary access allows access to the *Portales* ecompanion/vtext and permits students to work on assigned coursework within the Portales Supersite learning platform.

STUDENT SUCCESS INFORMATION

Learning Spanish is a cumulative process; you must build a strong foundation in order to understand and work with upcoming concepts. Students are expected to log in and work on *Portales* Supersite at least three times a week to practice listening, writing, reading, and speaking skills, to complete all of their assignments and to participate in discussions.

- All students should plan to devote three hours of study time per week for each credit hour of class time. Example: when taking a typical 3-credit hour course, students should plan to spend at least 9 hours per week doing coursework and studying for that course regardless of the mode of delivery (online, hybrid, face-to-face).
- I have organized the course into five lessons identified in the course homepage and course schedule. Please plan to work every day.
- To succeed in Lesson 2, you must understand and know the vocabulary and grammatical structures from Lesson 1.
- To succeed in Lesson 3, you must understand and know the vocabulary and grammatical structures from Lessons 1 and 2.
- To succeed in Lesson 4, you must understand and know the vocabulary and grammatical structures from Lessons 1-3.
- And to succeed in Lesson 5, you must understand and know the vocabulary and grammatical structures from Lessons 1-4.
- Begin each lesson with the vocabulary. In *Portales* Supersite, there are many activities and tutorials with listening activities. Some are assigned and some aren't. All will help you retain the material. Repeat everything as you go along! You'll want to develop your own system (flashcards, note cards, labeling, rote repetition, etc.).
- Then you'll move to the structures where you'll learn how to put the language together. Again, there are activities and tutorials to help.
- After that, you'll move to the cultural information and use the *Portales* video program to tie everything (vocabulary, culture, and structures) together.

- **Tutoring services** are available in Valencia College West Building 7-247 between 10:00 a.m. and 1:00 p.m. and 2:00p.m. and 4:00 p.m. on Mondays and Wednesdays and between 10:00 a.m. and 1:00 p.m. on Fridays. Stop by Building 7-247 to schedule an appointment.
- **The Testing Center** is located in Bldg. 11 Room 142 Phone: 407-582-1323
- **The Writing Center, Math Lab and a Computer Lab** are available on campus.

COURSE ASSIGNMENT INFORMATION:

- All assigned course work such as Supersite activities and Canvas activities have specific submission due dates. Refer to those dates in the **Schedule of Course Activities** found at the end of this syllabus.
- All activities are due at 11:59:00 p.m. Eastern Time on the published due date.

- Submissions are not accepted after the due date.
- It is a good idea to perform a browser check prior to beginning the coursework.
- Remember that during the course it is always possible to have Canvas and Internet related problems. Manage your time wisely in order to avoid last minute submissions. Excuses like... “The system crashed when I was submitting...” will not be taken into consideration.
- For this reason, do not procrastinate in finishing your course work. Be organized and stay ahead. Always attempt to finish and submit your course work early.
- If a student has any problems keeping up with the course, it is the student’s responsibility to contact the instructor prior to the due date of the assignment or discussion.
- Once the due date has passed for a specific assignment, exam or discussion, if the student has not submitted it, and there has not been prior communication with the instructor related to submission difficulties, the assignment, exam or discussion will not be re-opened for late submission, and the student will be assigned a grade of 0.

ASSIGNMENTS:

PORTALES SUPERSITE ACTIVITIES (25% of course grade)

- The activities from **Lección (lesson) 1 through Lección 5 are mandatory**.
- The assigned activities with their due dates for each lesson appear in the **Portales Supersite** Activities and Calendar tabs.
- Students are expected to work daily and submit completed activities weekly on **Portales Supersite** to practice listening, writing, reading, and speaking skills needed to successfully complete all assigned course work. It is through this practice that students learn and master the language in this course.

Each lesson’s **Supersite** activities are divided into four categories, and each represents a specific percentage of your total Portales Supersite grade.

Homework/(Tarea) 30%

Speaking/ (communicative activities) 30%

Writing 20%

Quizzes/Pruebas 20%.

The combination of these four categories is averaged and worth a potential 100 percent per lesson (lección).

Supersite Homework(tarea) activities are found in each area or strand in a Supersite lesson. They are under the Explore, Learn and Practice headings. All are mandatory.

Some are tutorials, and some are graded activities. All are vital to your understanding of each lesson.

Supersite Speaking activities are found under the heading of Communicate within a strand. They are **Partner Chat activities that require a recording partner, or they are avatar activities in which students answer the questions posed by an avatar, which is a person recorded online.**

- These activities allow students to use online chat as a way to express themselves effectively and appropriately during oral conversation in Spanish. With Partner Chat activities, students work in pairs to synchronously record a conversation in Spanish. Students can select who to partner up with by inviting classmates to complete the activity and record by chatting via video.
- Students have to send a Canvas email to their instructor during the first week of each lesson availability period with the name of their partner/s for the chat activities.
- Students are responsible for contacting/ making appointments with other classmates to synchronously complete and submit the *Speaking* activities for each course lesson (check the **Schedule/Calendar of Activities** at the end of this course syllabus for the due dates for each *Portales 2.0* Supersite lesson activity).
- Students will find information on how to record with a partner on *Portales* Supersite Help.
- Students may change partners or have multiple partners throughout the course and are encouraged to help those without partners, even if they themselves have completed a specific activity.
- Students are advised to not wait until the last day to attempt to complete and submit their Speaking activities to avoid unforeseen problems.
- If your Speaking partner does not respond to your attempts to communicate and/or does not show up for any scheduled Speaking/Partner chat activities, **it is your responsibility to communicate this situation to your instructor ASAP and also to arrange a new partnership.** The non-participating student will receive a 0 and the activity will not be reopened.
-

Supersite Writing Activities.

- In order to practice and receive your instructor's feedback, you must complete and submit all the assigned/mandatory writing activities for each Lección. These are found in homework/tarea and more specifically under the heading of Communicate within a strand. They will help you to be prepared for the writing portion of each Lección exam on Canvas. Even though Supersite permits it, do not submit files as responses to writing activities. Simply type your response in the space provided.
- Before starting to work in *Portales* Supersite, students should make sure that they have the required technology to successfully complete the activities.
- Since *Supersite* constitutes 25% of your course grade, and *Supersite* Speaking activities constitute 30% of your total *Supersite* grade, failure to submit your *Supersite* Speaking activities may result in a failing grade for the course.
- Before beginning and as you complete the *Portales* Supersite activities, you will have to read the pages corresponding to each one of the assigned *Portales* or *ecompanion*/vtext lessons (*lecciones*) for this course.

Quizzes/Pruebas 20%.

The Quizzes/Pruebas category of the Supersite gradebook contains Self-Check activities called Autoevaluación. These are small quizzes related to what you have learned and practiced in Supersite.

Supersite Tutorials

- The tutorials are helpful learning tools. Use them as often as needed. If you do not understand a concept, you may request my help immediately. You can do so via Supersite or Canvas mail.
- Don't wait until after the exam to tell me that you did not understand the lesson.

Be proactive; dedicate specific times to study during the week.

In this 16-week course, expect to study almost daily and at least 5-6 hours per week.

Quiz yourself often; especially before exams. There are Supersite activities, apart from those assigned, available to you if you need extra practice.

CANVAS DISCUSSIONS (5% of course grade)

Discussions review a specific theme, reading, or incident provided by the instructor via Canvas. An online discussion should mirror a face-to-face discussion in that the participants are constantly enriching the topic, giving it a life of its own. This enriched

content imbues all discussion participants with an enhanced perspective, enabling and encouraging them to contribute even more insightful postings. For this cycle to take place, everyone's postings should be comprised of more than just one or two lines, and be on topic. Please check your postings to ensure that they meet the criteria specified in the Canvas discussion rubric. Remember, the initial spark of your thoughts can be the catalyst to ignite another person's mind.

- **There are five assigned discussions** in this course, one discussion per lesson (Lección): Discussion Lección 1, Discussion Lección 2, Discussion Lección 3, Discussion Lección 4, and Discussion Lección 5. Each discussion is worth 100 points. The discussions treat a specific topic related to the Spanish language and/or Spanish-speaking cultures.
- There is no direct link to Discussions in the Course Menu. Discussions are located on Canvas inside the corresponding course module (Lección). You must go into each Lección link to access the discussion.
Discussions are open for the first week of each lección.
- **To access a discussion**, go to and click on each Lección name indicated on the left-hand side of the course homepage. Scroll down through the Lección menu, read the discussion instructions and click on the discussion. You may type in a web address to convey an information source to a classmate. Of course, use discretion and direct others to legal, decent and academically appropriate websites.
To obtain full credit for a discussion, students must post to a discussion forum by creating a thread, posting their own original comments and then will reply to the postings of two classmates.
- Your original posting must be 100 words or more.
- It may be necessary to enter the discussion forum more than once to reply to other classmates; especially, if you are the first student to post in the forum.
- Present an objective informed opinion of the topic...not just "I like, I agree/I don't like, I don't agree..."
- Please, stay on topic, use respectful language and respect other people's ideas.
- Discussions must be submitted by the due dates to receive a grade. Not contributing to discussions, late contributions to the discussions or contributions sent via email will *not* be accepted, and will result on a grade of "0".
- Manage your time wisely in order to avoid last minute submissions. Excuses like... "The system crashed when I was submitting, "I completely forgot" or "I've been having a hard time lately..." will not be taken into consideration.
- I will not reopen any discussions.

CANVAS FLIPGRID VIDEOS (5% of course grade)

Students will create 5 Flipgrid videos which are a video discussion activity in which students speak with and respond to other students in Spanish.

Flipgrid is a video-based web discussion platform that students can use within their Canvas sites to conduct discussions. Flipgrid works much like Canvas' built-in discussion tool, except users make video recordings of themselves for their discussion posts instead of typing out written discussion posts and responses to others' posts. Students do not need to create Flipgrid accounts.

CANVAS ORAL PRESENTATIONS (10% course grade)

Oral Presentation 1 is based on Lección 1 and Lección 2.

-
- **To access Oral Presentation 1**, go to the course homepage and click on **Lección 2** located on the left-hand side in the content menu. Scroll down through the Lección menu to **Oral Presentation 1**, read the instructions and click on the link to open the assignment. This assignment has specific opening and closing dates. **After the closing date, you will not be able to upload your oral presentation. Late submissions are not accepted.** Be proactive, and do not wait until the last day to work on your oral presentation. You will find more information about Oral Presentation 1 on Canvas.
-

- **Oral Presentation 2** is based on Lección 3 and Lección 4.
-
- **To access Oral Presentation 2**, go to the course homepage and click on **Lección 4** located on the left-hand side in the content menu. Scroll down through the Lección menu to **Oral Presentation 2**, read the instructions and click on the link to open the assignment. This assignment has specific opening and closing dates. **After the closing date, you will not be able to upload your oral presentation. Late submissions are not accepted.** Be proactive, and do not wait until the last day to work on your oral presentation. **You will find more information about Oral Presentation 2 on Canvas.**
-
- Oral Presentations must be submitted through the corresponding lesson drop box by the due date. **An Oral Presentation sent via Canvas e-mail or Atlas e-mail as a link or a video file will not be accepted and will receive a grade of “0”.**
- **Submission of a screen shot of a YouTube video, or a YouTube link, will not be accepted as an Oral Presentation submission and will receive a grade of 0. It is the student’s responsibility to make sure that they send their Oral Presentations with image and sound. Oral Presentations with neither image nor sound will receive a grade of “0”.**
- You should contact me well in advance of the submission due date if you have problems submitting your Oral Presentations in Canvas.
- Student emails sent on the last day of the Oral Presentation submission or afterwards with excuses such as “I cannot submit my Oral Presentation because I do not understand how to record/submit the video on Canvas” will not be taken into consideration, and if the Oral Presentation is not submitted, the student will receive a grade of “0”.
- Students must be within three feet of the computer camera and must look at the computer camera as they speak. Students cannot read a written script or notes.
- **Oral Presentations must be recorded in a well-lit quiet area without noise in the background** such as people talking, children crying, music or television playing, etc. If I cannot hear/understand you due to background noises, you will receive a grade of 0.
- Students must not have others talking to them while they record their video. That would be considered cheating and will result in a grade of 0.
- Student’s faces must be completely visible. Students cannot wear sunglasses while recording the video unless a letter from the Office of Students with Disabilities is sent to me at the beginning of the term.
- Not looking at the camera and/or reading while speaking will result in a grade of “0” for the assignment (refer to the Academic Dishonesty section of this syllabus).
- Any of the above mentioned situations present in an Oral Presentation submission or VHL Supersite Partner Chat activity (Speaking

activities/Conversaciones) may result in a grade “0”, and students will not be able to resubmit their Oral Presentation (see Oral Presentation rubric in Canvas).

- Failure to comply with any of the above Oral Presentation guidelines will result in a grade of 0 for the assignment.

CANVAS MIDTERM EXAM LECCIONES 1, 2, and 3 and CANVAS MIDTERM SPEAKING INTERVIEW EXAM VIA Zoom. (10% of course grade)

Midterm Exam (Listening, Reading and Writing)

Students will complete a Midterm Exam that includes information from lessons 1-2-3.

Prior to the Midterm Exam, students will receive notification from their instructor related to a preliminary Zoom chat with their professor.

- Their grade from the Midterm Speaking Interview Exam via Zoom that includes information from lessons 1-2-3 and assesses their speaking skills in Spanish (see following bullets) will be added to the grade from the Midterm Exam to create one Midterm Exam grade.
- In order to score well on the Midterm Exam, students must complete the
- Midterm Speaking Interview Exam via **Zoom**.
- Your practice activities in *Supersite* will help you prepare for the Midterm Speaking Interview Exam via Zoom. You can also use *VHL chat* to practice with your peers.
- You will need a **reliable computer, reliable internet connection, and a working webcam and audio**.

Each student will take the exam during the **Midterm Speaking Interview Exam time period**, at a specific date and time. You will receive more information in Canvas announcements and email.

Information About Your Time Slot to take the Midterm Speaking Interview Exam

- Changing the time-slot appointment on the same day of your appointment will result in no interview.
- Plan ahead of time and mark your calendar with the day and time-slot selected. **You don't want to miss it, or you will miss your appointment to take the Mid Term Speaking Interview Exam with your professor.**
- The day of your Midterm Speaking Interview Exam, and your Final Speaking Interview Exam make sure you sign into Zoom 10 minutes before your appointment time.

- Please contact your instructor via email if you have any issues before your appointment date.
- **Failure to take the Midterm Speaking Interview Exam and the Final Speaking Interview Exam in Zoom will result in a grade of 0 for the speaking component of each Exam.**

INFORMATION ABOUT Speaking Interview Exams

- Your professor will ask you questions based the VHL avatar-speaking activities on what you have learned in the class from Lessons 1 – 3 for the Midterm Speaking Interview Exam and Lessons 4,5 for the Final Speaking Interview Exam.

- Failure to take the **Mid Term Speaking Exam and/or the Final Oral Interview Exam** speaking assessment will result in a grade of 0 for the speaking component of the exam.

CANVAS WRITING ASSIGNMENTS (15% of course grade)

- In order to be better prepared for each of the **three writing assignments**, you must complete and submit all the assigned/mandatory writing activities in Supersite and read your instructor's feedback to understand how to improve your writing.

Canvas Lesson Exams (15% of course grade)

- There are **three lesson exams** in this course:
- Examen Lección 1, Examen Lección 2 and Examen Lección 4.
- **Exams are located in Canvas inside the corresponding course Lección.** The exams are multiple choice/true false and are worth 100 points.
- **To access an exam**, go to and click on each Lección name indicated on the left-hand side of the course homepage. Scroll down through the Lección menu, read the exam instructions and click on the exam.
- The exams have specific opening and closing dates. You will only have one attempt per exam. **After the closing date, you will not be able to take the**

exam. I will not reopen exams after the submission due date has passed, and you will receive a grade of “0”.

- The purpose of the second attempt on exams is for the event that a student experiences technical problems while taking an exam; not for the purpose of attempting to improve one’s grade.
- In the event that you experience a Canvas technical problem **when taking the exam, immediately contact Canvas technical support (407-582-5600)** and obtain a ticket number prior to taking the second attempt.
- A Canvas ticket number demonstrates a student’s attempt to resolve a Canvas-related issue.
- Having a Canvas ticket number does not automatically grant a student another exam attempt. The Canvas ticket has to specify that the technical issue that prevented the student from completing/submitting the exam was related to Canvas learning platform.
- Some other reasons that may lead you to problems when taking an exam and that will not be considered for reopening it are: computer/browser issues, being kicked out of the exam because you took it during the last minutes of test availability or between 2 a.m. and 6 a.m. (Canvas maintenance hours), having the ecompanion/ vtext open when taking the exam, you forget to submit it, etc.
- Exams must be submitted by 11:59:00 p.m. on the due date.
- Remember, be proactive and do not wait until the final hours of submission availability to take your exams.
- If you take an exam during the final minutes of availability, and the time expires, only what you have submitted will count towards your grade.
- Non-answered questions will receive a grade of 0, and you will not be able to retake the exam.

CANVAS COMPREHENSIVE FINAL EXAM: (15% of course grade)

The Final Exam is a required component of this course.

The Final exam will have listening, speaking, reading and writing sections.

Students will complete the speaking part of the final exam on their computers with their instructor via Zoom.

- **If you fail to take the Final Exam, you will fail the course.**
- **The Final Exam will not be reopened under any circumstances.**
