

## My Math Lab Set-Up Instructions

We will be using two platforms in this course: BlackBoard (notes, updates, handouts, discussions) and MyMathLab (homework, quizzes/tests, gradebook (course grade), ebook (textbook online)). The MyMathLab account (CourseCompass website) first must be set-up. If you have never used CourseCompass website before, you must register (as a student). Please follow directions below to register your account.

Go to <http://learn.valenciacollege.edu/> then login in using your Atlas username and password. Click on the course link. When inside the course, click on MyMathLab. Then follow the directions to log into MyMathLab portion of the course.

### Before you register (MyMathLab), make sure you have:

- A valid email address that you check regularly (atlas email strongly recommended).
- The course ID for your CourseCompass course (see below).
- A student access code, a valid credit card, or a PayPal account.

You can register in **either** of two ways:

- **Using an access code:** If you bought a new textbook, it contains an access code that you enter during registration. The code might be in the textbook or on a separate card packaged with the book. If you did not buy a new textbook, you may be able to purchase an access code separately from your bookstore.  
Note: Access codes can only be used once.
- **Buying access online:** You can buy access online for some courses during registration with a credit card or PayPal account.

### My Math Lab Set-Up Instructions:

- 1) Go to [www.coursecompass.com](http://www.coursecompass.com)
- 2) Under Students click on Register
- 3) Click on Next in the bottom right hand corner
- 4) Follow the directions on the screen to register in the course.
- 5) Enter the course ID: \_\_\_\_\_ (see syllabus).
- 6) You will need to enter Valencia's zip code of 32811.
- 7) Record your login information. If you forget your username or password you have to contact Technical support at 1-800-677-6337 (M-F 8am – 5pm CST)
- 8) If you have any issues with installation or technical problems during the semester, call Technical Support!

**The First Time You Use MML:**

- 1) Go to [www.coursecompass.com](http://www.coursecompass.com)
- 2) Under Students click on Log In
- 3) Enter login and password information.
- 4) Click on your course on the left side of the screen.
- 5) Click on Homework (to work on homework assignments), Gradebook (to check your overall grade), or eBook (to get access to the textbook online).
