## Netiquette

When engaged in online interaction, it is important that we all follow netiquette. Some netiquette guidelines to follow are:

- Treat your instructor and classmates with respect in email or any other communication.
- Use clear and concise language.
- When you contact your instructor with a question, be specific. The instructor cannot help you if she does not know what you are asking.
- Don't type in ALL CAPS! If you do it will look like you are screaming.
- Remember that all college level communication should have correct spelling and grammar (this includes discussion boards).
- Don't write anything that sounds angry or sarcastic even as a joke because without hearing your tone of voice, your peers might not realize you're joking.
- Always remember to say "please" and "thank you" when asking for help from your instructor or classmates.
- Respect the opinion of your classmates. If you feel the need to disagree, do so respectfully and acknowledge the valid points in your classmate's argument. If you reply to a question from a classmate, make sure your answer is accurate!
- Avoid slang terms such as "wassup?" and texting abbreviations such as "u" instead of "you."
- Stay on topic. Don't post irrelevant links, comments, thoughts or pictures.
- Be forgiving. If your classmate makes a mistake, just let it go.
- Be thoughtful about sharing personal or sensitive information and do not share information posted by your classmates with others to protect their privacy.
