

**simple / parallel or half fold**

paper folded into equal halves.

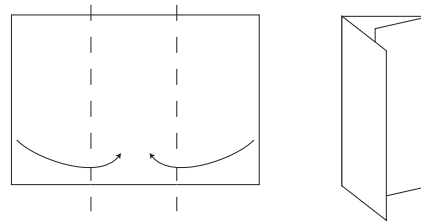

**french fold**

a half fold where the top flap is shorter than the bottom flap.

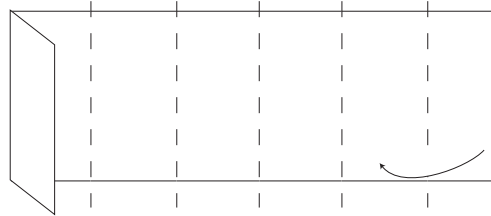

**gatefold**

sides folding into a center fold.

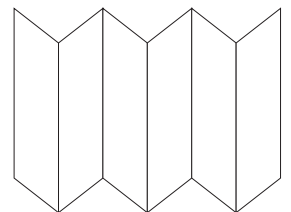

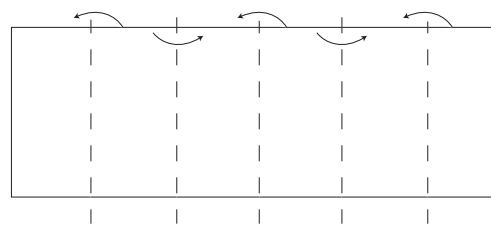

**letterfold / tri-fold**

3 panels, right side folded into center, then left panel folded into center.

**roll / barrel fold**

more than 3 panels, right side continuously 'rolls' into center.

**accordian fold**

folds switch direction, creating a 'zig-zag' folds. Maps are usually folded as accordian folds.
