Feedback/Grading Comments

The professor will give students ample feedback and suggestions for improvement on all assignments through individual grading comments on Canvas. **It is up to the student to review these grading comments and apply them within their future work.**

Academic Honesty and Student Code of Conduct

Academic Honesty

- **Academic Honesty** will be taken seriously.
- **Plagiarism** is the use of someone else's words, ideas, pictures, design, and/or intellectual property *without* the correct documentation and punctuation. All work submitted for credit in this class must be the product of the individual student's own original thoughts supported and informed by appropriately documented and credited sources.
- **Plagiarism is morally indefensible.** Any assignment showing signs of plagiarism, either the:

1. deliberate cut-and-paste of online or print sources,
 2. the recycling of essays from previous classes,
 3. essays written on behalf of the student by family members or friends, or
 4. the result of inattention and incompetence **will be graded zero**. A second offense will result in an appointment with the dean of the Arts and Humanities Department.
- Plagiarism takes many forms: for example, turning in the *same essay* for *two different courses* is considered *self-plagiarism* and will result in a zero for the paper. You may legitimately wonder how anyone would ever know; this is one of the purposes of the plagiarism scan.
 - Students are advised to keep planning notes and outlines should the need for authentication arise.
 - If you are unsure as to what constitutes plagiarism on an essay, consult the Professor.

Plagiarism Check

All Assignments will be submitted for plagiarism analysis online. Valencia College subscribes to this feature that allows students to upload their essays so that software can compare these essays to every available electronic resource in the world, looking for parts that match up with previously published sources.

- Before you upload your document, confirm that you have attached the right file as a **Microsoft Word file ONLY. I will not accept any other format submitted!** A discrepancy will raise a red flag and prevent me from grading your assignment.
- **Any assignment showing signs of plagiarism will be given an immediate zero. Second offenders will result in failure of the overall course. Make sure to cite your sources and give appropriate credit to others' thoughts and ideas.**

MLA Style Citation

Within this class we will be learning the MLA Style Citation: how to properly cite your sources and correctly format a Works Cited page. Once we have covered this material within the first two weeks, you will be **REQUIRED** to provide a Works Cited page on every assignment. **Failure to abide by this policy will result an immediate zero or a failing grade on your assignment.**

Student Code of Conduct

- Students must assume responsibility for knowing and abiding by the rules and articulated in the **Student Code of Conduct (6Hx28:10-03)**. The instructor reserves the right to refer students who engage in activities that are disruptive to

the online classroom learning environment to the Dean of Students for disciplinary action. Please be respectful to peers and instructors!!!

- In addition, Valencia College strives to provide a **Drug-free** learning environment. In compliance with the provisions of the Federal Drug-Free Schools and Communities Act of 1989, Valencia will take such steps as are necessary to implement the effectiveness of this act and to ensure a drug-free learning environment.

Netiquette

Netiquette (Discussion Boards, email, all online communications): The term ‘netiquette’ refers to the awareness of the need for a certain code of behavior (etiquette) in electronic environments (the net) Net + Etiquette = netiquette.

In order to maintain a positive online environment for our class, we all need to follow the netiquette guidelines summarized below **all students are expected to:**

1. Show respect for the instructor and for other students in the class discussions & via email. This includes ADDRESSING YOUR CLASSMATES BY NAME IN EACH DISCUSSION REPLY.
2. Respect the privacy of other students
3. Express differences of opinion in a polite and rational way
4. Maintain an environment of constructive criticism when commenting on the work of other students (language that is negative, disrespectful or stereotyping WILL result in being withdrawn from the course).
5. Avoid bringing up irrelevant topics when involved in group discussions or other collaborative activities

The following list summarizes the kind of behavior that is not acceptable. Each item listed below is grounds for removal from the class. **Students should not:**

1. Show disrespect for the instructor or for other students in the online class
2. Send messages or comments that are threatening, harassing, or offensive
3. Use inappropriate or offensive language that is negative, disrespectful or stereotyping of ANY people, culture, ethnicity, gender, other students, faculty, or staff
4. Convey a hostile or confrontational tone when communicating or working collaboratively with other students

****If I feel that a student is violating or has violated any of the above guidelines, I will contact that student to discuss the situation in person. If you feel that a student is behaving inappropriately, please send me a private email message explaining the situation as soon as possible. If you are engaging in electronic environments as a member of this class then you are subject to the same expectations and rules of conduct any instructor, staff, or administrator might expect of you in a face-to-face environment. Additionally, whether or not you are entering an electronic environment as a member of the class, if you are doing so via a Blackboard or Atlas account, you are legally responsible to abide by Valencia’s policies and expectations.**

Florida House Bill 233 Policy

Students may record video or audio of class lectures for their own personal educational use. A class lecture is defined as a planned presentation by a college faculty member or instructor, during a scheduled class, delivered for the purpose of transmitting knowledge or information that is reasonably related to the pedagogical objective of the course in which the student is enrolled. Recording class activities other than class lectures, including but not limited to class discussions, student presentations, labs, academic exercises involving student participation, and private conversations, is prohibited. Recordings may not include the image or voice of other students in the class, may not be used as a substitute for class participation and class attendance, and may not be published or shared without the written consent of the faculty member. Failure to adhere to these requirements may constitute a violation of the College's Student Code of Conduct.

- **All students are required to complete assignments on time. All students MUST complete either the Week 1 Quiz or Introduction Post before the No Show Reporting Period in order to remain in the course.**

Late Submissions

Do not subject yourself to deadlines by waiting until last minute to complete your work!

There will be a consistent rhythm established throughout the semester for the release of new weekly modules and assignment due dates. All weekly modules will be available to students on Canvas ahead of time to allow students to complete their work by the stated due dates. **You will need to download the Course Calendar at the start of the semester to plan for each week's assignments and to successfully manage your time in this class.**

I do not accept late work without a valid excuse. All work must be received by the stated due date and time for it to be considered "on-time". If your work is not submitted by the stated due date and time, then it will be marked as "late."

- Habitual lateness will not be tolerated. Students who continue to ask for make-ups will not be taken seriously, and their request will be declined.
- If you are unable to participate in the course for other reasons, e.g. illness, family emergency, etc., please communicate with me as soon as possible in order to create a plan to complete any missed assignments so that your learning can progress in your course. In the case of a prolonged online absence of one week or more, continuation in the course will be determined on a case-by-case basis through discussion between you and the professor. Documentation must be submitted upon request. Please forward all valid forms of documentation to the professor, within a reasonable time or you will not be allowed to make-up the work.

Office of Students with Disabilities

- Students with disabilities who qualify for academic accommodations must provide a letter from the Office for Students with Disabilities (OSD) and discuss specific needs with the professor, preferably during the first week of class. The Office for Students with Disabilities (West-SSB102) determines accommodations based on appropriate documentation of disabilities.
- The goal at the OSD is to open doors, remove barriers and assist you in any way the can. The key to success is matching your needs to the services provided. Please contact this office to discuss your individual needs.
