## COURSE OVERVIEW

### Course Description

This course is designed to provide a comprehensive revision of the structure, functions and rules of state and local governments, within the frame of a federal system. The final goal is to address contemporary problems and the responses associated with state and local government competencies, contributing to the understanding of policy-making in a federal system and the relationship with other levels of government. This course will be taught in a learning-centered format.

**Course Catalog Description/Learning Objectives:** In-depth study of state, county, and municipal government with emphasis on contemporary problems.

**Gordon Rule Statement:** This is a Gordon Rule course which requires demonstration of college level writing skills through multiple assignments, problems. Minimum grade of C required if used to satisfy Gordon Rule requirement.

## **Major Learning Outcomes**

By the end of the semester, the student will have met the following learning objectives:

1. Students will describe the basic principles of federalism.
2. Students will explain the structure and characteristics of state and local governments.
3. Students will summarize the policy making process of state and/or local government.
4. Students will demonstrate college-level writing.

## **Core Competencies of a Valencia Graduate**

Valencia's Student Core Competencies are complex abilities that are considered the essential elements of a successful student. This course will help you develop and demonstrate the abilities to: (1) think clearly, critically, reflectively, and creatively; (2) communicate with others verbally and in written form; (3) make reasoned value judgments and responsible commitments; and (4) act purposefully, reflectively, and responsibly. Our goal is to provide these global competencies in the context of application; this means that students will be required to understand problems and effectively communicate an appropriate solution.

## **Canvas**

## **Required Materials/Textbooks**

## **Governing States & Localities 7<sup>th</sup> Edition\***

**ISBN:** 9781544325422

**Authors:** Kevin B. Smith – Alan Greenblatt

**Publisher:** Sage Publishing

**\* Make sure you have the book before we start classes**

## **Educational Supplies**

These supplies are not *required* but are ***strongly recommended***. A student should own or have access to a current edition of a college-level dictionary and thesaurus. If you cannot obtain a copy, you should have access to a computer or smart phone with online capabilities; I can recommend a number of websites to you ([www.webster.com](http://www.webster.com), [www.wiktionary.org](http://www.wiktionary.org), or [www.dictionary.com](http://www.dictionary.com) are excellent starting points). I'd also recommend purchasing a flash drive (small portable USB storage device) to assist in storing papers (this is a helpful tool through the rest of college). You may also want to investigate online cloud-based storage sites, like Google Drive or Dropbox. Additionally, students should bring a blue or black pen to each class and have access to paper – we will be doing in-class work. Any paper will do just fine, so long as it absorbs ink and can be handed in. Alternatively, having a laptop or tablet that can e-mail/message me the assignment will be acceptable.

## **Course Expectations**

It can be helpful to understand what's expected of you, and what you can expect of me. Throughout the course, we will be working together to develop your ideas about writing. In college, there can often be a prevailing attitude that this is all about compliance -- you accomplish a task for the sake of accomplishing a task, and nothing more. It can be that, at times. This seems like a squandered opportunity; one that will inevitably lead to frustration or disillusionment.

There's an opportunity here, however, for us to go beyond compliance, and to grow. I always like to argue that college isn't just a place to go for job preparation; truth be told, my opinion is that education should be more than simple job preparation. This is an opportunity for you to develop as a leader -- someone who can help guide others and who can appreciate a capacity for thinking critically and creatively. It's a chance for you to think in ways that are alien, and to build on existing ideas, and strive to create new thoughts based on those older ideas.

With that in mind, I thought it would be helpful to take a moment to define what's expected of you, and what you can expect from me:

### **Expectations of me, as your professor:**

- I will strive to give feedback on your writing that is constructive, and designed to engage with your ideas and guide you to improve your writing.
  - You can expect feedback on simple assignments within a week, and on larger assignments within one to two weeks.
- I will strive to treat you all fairly and to comply with the same standards of academic integrity I expect from you.
  - You can expect me to listen to any issues you may be facing this semester, and to give you as many opportunities as I can reasonably give you to be successful in the course.
- I will strive to engage you in the material, and encourage you to think critically about writing and academic standards for writing.
  - You can expect me to give you assignments that are challenging, and that have an opportunity for depth of thought.

### **Expectations of you, as a student:**

- I hope you will strive to read all material given and give it thought and consideration.
- I hope you will strive to earnestly engage in the writing activities.
- I hope you will demonstrate academic integrity.
- I hope you will be curious about new theories, and ask questions of me about the specific course material.

## **CLASSROOM POLICIES**

### **Attendance Policy for Face-to-Face Classes**

Attendance is a major contributing factor to student success; therefore, attendance is considered to be mandatory. Students are expected to attend our face-to-face meetings and complete work on Canvas. Your attendance from 11:30 AM to 12:45 PM will be checked each Tuesday and Thursday. If you are not present, you will be marked absent which will impact your attendance record. Students are allotted a maximum of 4 absences. After the **4 absences**, a student may be withdrawn from the course. Students are expected to arrive on time, complete all required assignments, and remain in class for the duration of the course. In the event of an absence, students are responsible for making up any missed work, as well as keeping up with announcements made during class time. I recommend you contact me with any questions regarding missed material.

### **My Attendance/Participation & Withdrawal Policies:**

- In the event of a change in your personal or work life, you should contact me via email or phone as soon as possible to indicate the reason, so we can determine your options.
- If you are absent from more than two class sessions, then you can be withdrawn from the course for lack of attendance. If you are on your third absence, then you will be contacted. If there is no communication within 48 hours, you may be withdrawn from the course up until the withdraw deadline. If you are withdrawn for excessive absences after the withdraw deadline, then you will receive the final grade that is earned according to the course grading policy.
- **OSD Students:** If you require any special accommodations for the course, do not hesitate to let me know. You have my permission to tape record anything in the course; any additional accommodations must go through the Office for Students with Disabilities.

[See Academic Progress, Course Attendance and Grades, and Withdrawals, Policy 1001.64, F.S.](#)  
[Links to an external site.](#)

## **Class Participation**

Students are expected to actively participate in online discussions and activities. This will affect your performance in this course (students who are actively involved in course material tend to be more successful). Be prepared to discuss all materials in each module: take notes while reading at home, complete all assigned tasks on the weekly schedule, and have at least one question or comment about assigned readings every module.

## **"No Show" Status in the First Week**

Valencia College is required to monitor student attendance in the first week of class. If you do not attend the first F2F session/log in to the course during the first week and complete the academically required attendance activities located at the end of the Orientation module, you will be withdrawn from the class as a "[no show](#)." If you are withdrawn as a "no show," you will be financially responsible for the class and a final grade of "WN" will appear on your transcript for the course.

## **Classroom Etiquette Protocol**

It is courteous to arrive to class on time, pay attention, participate in class discussions, and respect others' opinions and learning styles. If you are disruptive, you will be asked to leave the class and will be responsible for all material covered in your absence. Please place your cell phones on vibrate and refrain from using them or texting during class. Do not bring any friends to class. Conduct yourself in such a way as to not distract or inhibit learning in the classroom. You are expected to follow the [Valencia Student Code of Conduct](#)  
[Links to an external site.](#)

## **Student Illness**

If you are unable to participate in any aspect (F2F sessions or Online) of the course due to illness, family emergency, etc., please communicate with me as soon as possible in order to create a plan to complete any missed assignments so that your learning can progress in your course.

## **Communication Policy**

Communication is the key to success in any course and it's important to remember that the first thing you should do if you have a question, concern, or issue (academic or non-academic) is to check the syllabus, and afterwards, contact me. Please use the Canvas course email for all communication and **allow 24-48 hours for email responses**. I will be checking and responding to emails Monday through Friday, from 9 am to 9 pm, you can also schedule an appointment to meet with me online, **if I consider it necessary**.

In addition to your Canvas email, you should check your Valencia Atlas email regularly for communication about upcoming events, financial aid, business office payments, and more! Visit [Valencia's Home Page](#) and click on LOGIN - Atlas Email

## **Online Etiquette Protocol**

Students are expected to maintain proper decorum while online. Proper etiquette includes, but is not limited to, treating your fellow students with respect online, using appropriate language in all work submitted online, and acting the same way one would in a face-to-face class – consider the digital classroom to be no different from the traditional classroom or professional workplace.

## **Class Recordings**

Students may record video and/or audio of class lectures for their personal use. Recordings may be a useful tool to support your learning and provide a resource for review. It is important to be respectful of your peers' rights to privacy; with that in mind, please refrain from recording your peers during lectures. You may not record class discussions, student presentations, labs, group work, and private conversations. Further, you may not publish or share recordings without my written consent, nor may you provide recordings to classmates as a substitution for class participation and attendance. If necessary, I will handle violations of this section through the College's Student Code of Conduct.

## **International Students (F-1 or J-1 Visa)**

Please be advised that withdrawal from this course due to attendance may result in the termination of your visa status if you fall below the full-time enrollment requirements of 12 credit hours. Consult the International Student Service office for more information.

### Essay

**The Essay due date is on WEEK 4.** The topics can be chosen from the syllabus **learning outcomes** (see in course assignments or in the textbook). The essay can be: *Informative, Argumentative, or Persuasive*, following the [MLA style guide and rubric](#).

### Early Alert

All Poinciana campus classes participate in Early Alert which means that professors will report grades at midterm in Atlas. Students who are in jeopardy of failing their class will be contacted and provided with information for additional support as needed.

### Exam/Quiz/Project/Late Work Make Up Policy

Make-up exams will be given only for emergency situations, once the Professor is notified, and the approval has been given. Upon approval, the exam will be reopened. Any test missed will have an adverse effect on your grade, and a make-up test will not be given unless approved by the Professor. A no-show on that day will result in an F for the session; to clarify, this means you will receive a "0" for the grade. **LATE WORK will not be accepted once the assignment closes.**

### Discussion Posts (DP)

You are going to have discussion post assignments on a weekly basis, and you are required to submit a substantial post that follows the guidelines as they are outlined in each assignment.

- include an ORIGINAL analysis and insight on the topic or questions
- stay on topic in a clear and concise manner
- answer all the questions in the post
- use grammatically correct language with no spelling or punctuation errors
- do not have any copied text from any source material
- do not use original quotes from any source material

It is recommended that you type your post in Word first, proof the post, and then copy/paste it to Canvas. You **may or may not** be required to read and respond to other discussion posts. Read the assignment in full to ensure you do not skip that step when required.

All forms of academic dishonesty are prohibited at Valencia College. All work submitted by students is expected to be the result of the students' individual thoughts, research, and self-expression. Whenever a student uses ideas, wording, or organization from another source, the source shall be appropriately acknowledged. **If a student is caught cheating or submitting plagiarized work a first offense will result in a zero score on the assignment, a second offense will result in a class grade of zero.**

## **Student Code of Conduct**

Valencia College is dedicated not only to the advancement of knowledge and learning, but the development of responsible personal and social conduct. By enrolling at Valencia College, a student assumes the responsibility for becoming familiar with and abiding by the general rules of conduct. The primary responsibility for managing the classroom environment rests with the faculty. Students who engage in any prohibited or unlawful acts that result in disruption of a class may be directed by the faculty member to leave the classroom. Violation of any classroom or Valencia rules may lead to disciplinary action up to and including expulsion from Valencia. Disciplinary action could include being withdrawn from class, disciplinary warning, probation, suspension, expulsion, or other appropriate and authorized actions. You will find the Student Code of Conduct in the current *Valencia Student Handbook*.

## **Academic Honesty**

Each student is required to follow Valencia policy regarding academic honesty. All work submitted by students is expected to be the result of the student's individual thoughts, research, and self-expression, unless the assignment specifically states "group project." Any act of academic dishonesty will be handled in accordance with Valencia policy as set forth in the Student Handbook and Catalog. At Valencia, we expect the highest standards of academic honesty. Academic dishonesty is prohibited in accordance with policy 6Hx28: 8-11 upheld by the Vice President of Student Affairs (<http://valenciacollege.edu/generalcounsel/policy/>). Academic dishonesty includes, but is not limited to, plagiarism, cheating, furnishing false information, forgery, alteration or misuse of documents, misconduct during a testing situation, and misuse of identification with intent to defraud or deceive.

## **Plagiarism**

Plagiarism is the act of taking another individual's writings or ideas and passing them off as your own. This includes directly copying even a small portion of the text, indirectly taking thoughts by paraphrasing ideas without correctly attributing to the source (meaning both with signal phrases and in-text parenthetical citations), using papers written in previous courses (self-plagiarism), and using another individual's research without the correct attribution. Any act of

plagiarism or academic dishonesty will result in an automatic failing grade on the assignment, no matter how small the infraction; to clarify, this means the assignment will receive no points. Additional action may be taken with the college's administrative offices. Do not endanger your academic career: If there is a severe issue, you are confused about what constitutes plagiarism, or you feel dishonesty is your only solution, contact me immediately and we will discuss the matter. Remember, once the assignment has been submitted, there is no distinction between unintentional plagiarism and intentional plagiarism – it's just intentional in my eyes. Students' work will be submitted through Canvas's plagiarism assessment tool.

## **Internet Research Statement**

Because of the variety of sources, ease of publication, lack of central control, and proliferation of commercial information on the free Internet, it is often hard to tell if information obtained online is reliable. Many sites contain research and information of high quality; however, unlike traditional print publications or library-based electronic resources, there is usually no process of peer review, nor is there an editor verifying the accuracy of information presented on the Internet. There are an increasing number of sites containing information that may be incomplete, anonymously written, out-of-date, biased, fraudulent, or whose content may not be factual. Students should, therefore, use caution in use of the free Internet for their research needs. For academic topics that are addressed in scholarly literature, use of electronic databases or visiting the library may better meet your needs. However, each professor makes the final determination of what is, or is not, accepted as a valid source, so review the syllabus for specific guidelines from your professor.

## **Students with Disabilities**

Students with disabilities who qualify for academic accommodations must provide a letter from the Office for Students with Disabilities (OSD) and discuss specific needs with their professor, preferably during the first two weeks of class. <http://valenciacollege.edu/osd/>

**Personal Policy:** If you require any special accommodations for the course, do not hesitate to let me know. You have my permission to tape record anything in the course; any additional accommodations must go through the Office for Students with Disabilities (see below).

***From the Office for Students with Disabilities:*** *Students with disabilities who qualify for academic accommodations must provide a letter from the Office for Students with Disabilities (OSD) and discuss specific needs with the professor, preferably during the first two weeks of class. The Office for Students with Disabilities determines accommodations based on appropriate documentation of disabilities. All requests will be kept in strict confidence.*
