

MGF 1106 – College Math RTV T/TH 4:00pm-5:15pm
Course Syllabus

Spring 2021
3 credits

Instructor: Dr. Vannetta Davis-Felix
Office: M-TH Open appointments On-line (you may schedule zoom meetings by appointment please schedule 24 hours in advance) or call. Beyond office hours, I will do my best to respond to texts or emails within 24 hours. I generally respond within in a much shorter time frame, however. Allow for 24-48 hours on weekends or holidays.

Phone: 407-603-1770

Email: vgrierfelix@valenciacollege.edu

CRN: 26062

The Downtown Campus is a partnership between Valencia College and UCF. Some courses you take here may be cross listed, meaning that the course is open for enrollment to students of both institutions. As a result, policies, resources, and materials may differ from courses taught at other Valencia or UCF campuses. This is a cross-listed Downtown Campus course.

College Contacts

Executive Dean, DTC: Dr. Eugene Jones	1-407-582-5508
Learning Support Services, Manager: Ning Christopher	1-407-582-1120
Instructional Math Lab Supervisor: Jennifer Nelson	1-407-582-3508

Student Engagement Hours and Location:

****(Live Zoom Class on selected topics attendance is mandatory).***

Welcome to our *Real Time Virtual (RTV)* course! In light of the COVID-19 pandemic, Valencia has created a virtual learning experience intended to parallel a face-to-face class. This RTV class meets virtually every ***Tuesday and Thursday from 4:00pm-5:15pm*** Your attendance in class during these specific times is a course requirement, so please make sure you can participate during designated times— just as you would when selecting a traditional, face-to-face course. This course requires reliable internet and a computer/laptop with a webcam. We will meet for class using Zoom from within our Canvas course. This RTV course officially opens in Canvas at 12:01 a.m. on August 24th. Please use the time before our first class meeting to get a head start. Be sure to review the Orientation Module right away to help you prepare for success in this

Course Description

Prerequisite: Minimum grade of C in MAT 0018C or higher or appropriate score on an approved assessment. Topics include systematic counting, probability, statistics, geometry, sets, logic, and the history of mathematics. Gordon Rule course. Minimum grade of C required if MGF1106 is used to satisfy Gordon Rule and general education requirements. Credit may not be given for both MGF1106 and MGF2106 nor for MGF1106 and MGF2202.

Required Materials

MyMathLab (MML) Student Access Kit

Purchasing Options:

- Purchase a custom Valencia/UCF MML Access Kit at the DTC bookstore at discounted rate.
 - <https://ucf-vc.bncollege.com/shop/ucf-valencia/home>
- Purchase instance access through MyMathLab with a debit or credit card.
- *Important Note:* For this course, MyMathLab can only be accessed via the “*MyLab and Mastering*” menu item in Canvas; therefore, there is **NO COURSE ID**. Do not try to access the course via the MyMathLab website, as it will not work—it can only be accessed through Canvas.
MyMathLab Student Access Code for A Survey of Mathematics (includes e-text)
Standalone Code is ISBN: 013597674X / 9780135976746

Optional Materials:

- 1) Scientific or Graphing Calculator
- 2) A Survey of Mathematics with Applications, 10th edition, Angel, Abbott & Runde. To keep costs down the text is loose-leaf, three-hole punched. It is strongly recommended that you purchase a three-ring binder for your text.

Valencia College: Laptop Loan Program

Valencia College’s Office of Information Technology (OIT) has acquired new laptops to loan to students who are registered for the semester and have expressed technology needs. To apply for a new laptop visit: <https://valenciacollege.edu/laptop>, they are on a first come first serve basis.

Resources

- Your instructor is interested in your success in this class. Please ask questions regularly!
- Many students of mathematics find it extremely helpful to form study groups with their classmates. This practice is highly recommended.
- The Learning Support Center has transitioned to online for the Summer. The Learning Support Center houses tutoring and assistance for math as well as other subjects. For more information you can visit the website: <https://libguides.valenciacollege.edu/distancetutoring> to find hours of operation and locations. You can also access online tutoring by clicking on the help icon from the Canvas Navigation Toolbar.

Online Tutoring Support Hours:

Days	Times
Monday – Thursday	7:00 AM – 12:00 AM (midnight)
Friday	7:00 AM – 12:00 PM (noon)
Saturday	9:00 AM – 6:00 PM
Sunday	9:00 AM – 6:00 PM

NOTE: Hours subject to change. Check with the Learning Support Center for updated changes throughout the semester.

- Peer tutors are available for “walk-in” assistance, no appointment necessary. Tutors have been trained to use techniques that help you become an independent learner. They have been

instructed to guide you through the problem-solving process and utilize the materials you have available through your course. They may help you by asking open ended questions, walking you through examples in your text, or using virtual whiteboards to show you how to solve a problem similar to one you are working on. Since the tutors' goal is to help you become an independent learner, they will let you do the work as much as possible. The learning process requires a regular investment of your time, and patience is the key.

Course Learning Outcomes can join live but not ma

- Demonstrate an understanding of mathematical topics beyond algebra: sets, logic, probability, counting methods, geometry and statistics.
- Implement the fundamental methods of each topic in various applications of mathematics.
- Recognize the historical development of mathematical ideas and concepts.

Class Policies

Attendance

- This is an online course, available 24/7, managed through Canvas. You must have access to the Internet to complete the course requirements. Your online attendance will be checked based on your participation in the course and submission of coursework.
- In the event of an extended absence, you should contact me via email or phone as soon as possible to indicate the reason. I am unable to help if I do not know that you need it.
- You will be required to provide documentation of extenuating circumstances. Late work will be accepted only if students provide written documentation of a medical emergency or ongoing medical condition that is submitted within one week of the documented end date.
- If you are having technical difficulties with MyMathLab, please contact Pearson Tech Support immediately. You can email me to document the problem but please contact Pearson to resolve the issue and to receive a ticket number for documentation purposes.
- Please do not wait until the last minute to complete assignments, extensions are not guaranteed simply due to technical problems.

Conduct

- We are dedicated not only to the advancement of knowledge and learning but also to the development of responsible personal and social conduct. As a registered student, you assume the responsibility for conducting yourself in a manner that contributes positively to Valencia's learning community and that does not impair, interfere with, or obstruct the orderly conduct, processes, and functions of the college as described in the Student Code of Conduct <https://valenciacollege.edu/about/general-counsel/policy/documents/Volume8/8-03-Student-Code-of-Conduct.pdf>
- All forms of academic dishonesty are prohibited. Academic dishonesty includes, but is not limited to, acts or attempted acts of plagiarism, cheating, furnishing false information, forgery, alteration or misuse of documents, misconduct during a testing situation,

facilitating academic dishonesty, and misuse of identification with intent to defraud or deceive. <https://valenciacollege.edu/about/general-counsel/policy/documents/Volume8/8-11-Academic-Dishonesty.pdf>

- All work submitted by students is expected to be the result of the students' individual thoughts, research, and self-expression. Whenever a student uses ideas, wording, or organization from another source, the source shall be appropriately acknowledged. If a student is caught submitting plagiarized work a first offense will result in a zero score on the assignment, a second offense will result in a class grade of F.

Grading

- Partial credit on tests and assignments is sometimes given, when appropriate, solely at the discretion of the instructor.
- Grades will not be disclosed over the telephone or via e-mail, except in Canvas.
- You may meet with the instructor virtually if you wish to discuss your grade.

Important Dates

- Withdrawal Deadline: The deadline for withdrawing from class with a grade of “W,” if you are eligible to do so, is June 26, 2020 for Full-Term classes. After the deadline you will not be permitted to withdraw yourself from the class. If you do not withdraw and do not take the final exam, then you will receive a grade of “F.”

Florida Statute states that any person attempting a class for a third time may not withdraw from the class; the student must receive a grade of A – F.

- Final Grades: Will be posted in Atlas and will be available on July 31, 2020.

Homework

- Completion of homework on a regular basis is crucial to your success in this course.
- Homework will be assigned in MyMathLab. You are encouraged to seek assistance from the instructor if you encounter difficulties with the assigned problems or from online tutoring support.

Testing

Webcam & Microphone: Respondus will be used for online testing. 4 Tests & a Final Exam will be taken in MyMathLab online using Respondus (webcam w/full visibility & mic. w/sound required). Work must be shown on video, before submitting the test. Make-up tests are given only in cases of documented emergencies or extreme circumstances. Arrangements to make-up a test must be made with the instructor immediately and should be taken within one week of the original test date. Zeros will be used in place of missing tests and may result in withdrawal from the class.

- You must complete each test on time and within the time allotted.
- Every test score will be used in the computation of your progress test average. There are no “dropped” test scores.

- If you have documented extenuating circumstances, you may be given a make-up test according to a schedule specified by your instructor. This will be discussed on a case-by-case basis.
- If you do not discuss your absence for a missed test with your instructor in a timely manner, you will receive a zero on any missed exams.

Withdrawal

- Per Valencia Policy 4-07 (Academic Progress, Course Attendance and Grades, and Withdrawals), a student who withdraws from class before the withdrawal deadline of -----for Full Term classes will receive a grade of “W.” A student is not permitted to withdraw after the withdrawal deadline. **As a practice, faculty members on the Downtown campus will NOT withdraw a student for any reason.** Any student who withdraws from a class during a third or subsequent attempt in the same course will be assigned a grade of “F.” For a complete policy and procedure overview on Valencia Policy 4-07 please go to:
<https://valenciacollege.edu/about/general-counsel/policy/documents/volume4/4-07-academic-progress-course-attendance-and-grades-and-withdrawals.pdf>

Valencia Core Competencies

Valencia Community College wants graduates to possess and demonstrate a set of global competencies including the ability to **THINK, COMMUNICATE, VALUE AND ACT**. In an effort to help you acquire and improve your ability to demonstrate the competencies this course will include activities that require you to:

1. Think clearly, critically and creatively.
2. Communicate with others in written and verbal form.
3. Make reasoned value judgments and responsible commitments.
4. Act purposefully, reflectively and responsibly.

Course Grade Determination

<u>Component</u>	<u>Weight</u>
Progress Tests	50%
Comprehensive Final Exam	20%
Homework and/or Projects	20%
Attendance	10%

The following scale will be used for graded assignments as well as for computation of the course grade:

90 - 100%	A
80 - 89.9%	B
70 - 79.9%	C
60 - 69.9%	D
Below 60%	F

Scores on all tests and assignments will be rounded to the nearest percent. End-of-term averages are rounded to the nearest tenth of a percent.

Special Accommodations

Students with disabilities who qualify for academic accommodations must provide a letter from the Office for Students with Disabilities (OSD) or UCF Student Accessibility Services (SAS) and discuss specific needs with the professor, preferably during the first two weeks of class. These offices determine accommodations based on appropriate documentation of disabilities (Downtown Campus, UnionWest room 210).

MGF 1106 SCHEDULE/TIMELINE ONLINE/RTV
ALL ASSIGNMENTS ARE DUE 11:59 PM ON THE ASSIGNED DUE DATE

WEEK	DATE	CHAPTERS	TOPICS/MML ASSIGNMENTS	DUE DATE @ 11:59 pm
WEEK 1	1/12	CHAPTER 2 SETS	Introductions Setup MyMathLab Course and take syllabus quiz	1/17
	1/14		2.1 Notation	1/17
WEEK 2	1/19		2.2 Set identities	1/24
	1/21		2.3 Venn diagrams & Set operations	
WEEK 3	1/26		2.3 cont. 2.4 Set relations	1/31
WEEK 4	1/28		2.5 Applications	1/31
			REVIEW & TEST 1	1/31-2/2
WEEK 5	2/2	CHAPTER 3 LOGIC	3.1 Quantifier negations	2/7
	2/4		3.2 Truth Tables	2/7
WEEK 6	2/9		3.3 Compound vs Simple statements	3/14
	2/11		3.4 Equivalent Statements	3/14
WEEK 7	2/16		3.5 Symbolic Valid vs Invalid arguments	2/21
	2/18		3.6 Syllogistic Arguments	2/21
			REVIEW & TEST 2	2/21-2/23
WEEK 8	2/23	CHAPTER 8 GEOMETRY	8.1 Points, Planes and Angles Lines and their subsets	2/28
	2/25		8.2 Polygons and Circles	2/28
WEEK 9	3/2		8.3 Perimeter, Circumference and Area	3/7

	3/4		8.4 Volume and Surface Area Convert units using dimensional analysis	3/7
WEEK 10			REVIEW & TEST 3	3/16-3/18
	3/16	<i>CHAPTER 11 PROBABILITY</i>	11.1 Empirical and Theoretical Probability	3/21
	3/18		11.4 Expected Value	3/21
WEEK 11	3/23		11.5 OR and AND Problems	3/28
	3/25		11.6 Conditional Probability	3/28
WEEK 12	3/30		11.7 Permutation	4/4
	4/1		11.8 Combination	4/4
			REVIEW & TEST 4	4/4-4/6
WEEK 13	4/6	<i>CHAPTER 12 STATISTICS</i>	12.1 Sampling techniques Descriptive vs Inferential	4/11
	4/8		12.2 Graphs, histograms, freq. distribution tables, etc Linear Equations	4/11
WEEK 14	4/13		12.3 Measures of central tendency	4/18
	4/15		12.4 Measures of variation	4/18
WEEK 15	4/20		12.5 Empirical rule and the normal distribution	4/22
	4/22		12.5 cont.	
			REVIEW & TEST 5	4/23-4/25
WEEK 16	4/26- 4/29	<i>FINAL EXAM</i>	FINAL EXAM REVIEW & FINAL EXAM	4/26-4/29
