## Late Work & Make-Up Policy

- Late work will be accepted only with the instructor's explicit consent.
- The final exam must be taken on the date published for final exams.

## Extra Credit Policy

- Extra credit may be earned by writing more than the required number of pages for any written assignment. Extra credit for additional written content will be given up to 15% of the assignment's total point value (i.e. 15 points for a 100-point assignment).
- No other extra credit opportunities will be available.

## Guidelines for Written Work

- All typed, submitted work should be set in Arial 12-point font, with double spacing and standard 1" page margins.
- Additionally, each written assignment should begin with the following header, placed at the top, left side of the first page:

Your First & Last Name  
HUM1020 – 8:30 AM  
Prof. Will Adams  
Assignment Due Date (MM/DD/YYYY)

- Minimum page totals for any written assignment require that the written page be filled in its entirety to count as one page.
- In other words, if a written assignment requires 2 pages, but the student only writes 1.5, the student will not earn all possible points for the assignment.

## Class Conduct

Conduct yourselves with maturity and respect for others.

## Academic Honesty

Plagiarism is intellectual theft and will not be tolerated. Presentation of the ideas and words of others as if they are your own work constitutes plagiarism. Direct use of another author's words or ideas, as well as paraphrasing must be cited. Plagiarism in any work will result in a grade of zero for that assignment.

## Students with Disabilities

- Students with disabilities who qualify for academic accommodations must provide a notification from the Office for Students with Disabilities (OSD) and discuss specific needs with the professor, preferably during the first two weeks of class.
- The Office for Students with Disabilities determines accommodations based on appropriate documentation of disabilities.

## Computer & Equipment Use Policy

- Use of computers in the Business, IT, and Public Service classrooms at Valencia
- Community College is restricted to those activities designated by the instructor to enhance the class materials. Any other use is strictly forbidden. Inappropriate use includes, but is not limited to:
  - Use of computer to send E-mail or access Internet sites not specifically assigned in class.
  - Use of computer for job, internship, homework or other activities not assigned in class.
  - Modifying any hardware or software system configuration or setting.

- Use of computers in the departmental open lab is limited to those activities involved with preparing homework or coursework in this department and is subject to the same restriction as listed above.
- Computer use is remotely monitored; any student using computers inappropriately may be subject to dismissal from class or banishment from the lab. Subsequent offense may be sent to the campus administration for further disciplinary action.

## COVID Guidelines

Throughout the COVID pandemic, Valencia College has been primarily focused on the health and well-being of its students and faculty and staff. This continues to be our priority as we return to more face-to-face classes, and college policy continues to be guided by science and the guidelines issued by the CDC and our partners at Orlando Health. I urge all students who can do so to get vaccinated and encourage friends and family to do so as well.

Should you become ill with COVID, please inform me and your professors and coworkers both for our safety, and the safety of our Valencia community. I will do what I can to assist you in successfully completing our coursework. Please inform our COVID liaison Tanya Mahan ([COVIDillness@valenciacollege.edu](mailto:COVIDillness@valenciacollege.edu)) as well, so she can support you in this process. We are in this together! For more information, please consult: <https://valenciacollege.edu/about/coronavirus/>.
